Rock County Bible Society.

This society was organized in 1848, as auxiliary to the American Bible Society. Its work is that of co operation with the parent society in the noble enterprise of giving to the world the word of God, "without note or comment"—an enterprise in which all christian denominations and philanthropists can most cordially unite. As the Bible is the great moral light of the world, the source of the greatest good to our race, and the anchorage ground of all christian hope, it should be placed in the hands of every person as speedily as possible. In order to secure this result, funds and labor are essential; and these must be had in large measure.

In the present state of our nation, much has been done by these societies, national and local, to furnish our noble army with the scriptures, that each soldier may have in hand the word of Him in whose name he has gone forth to battle. Hence we appeal to the thousands of our families and citizens who have representatives upon the field, stormy with fire and iron hail, to help us in this patriotic and christian work.

Rev. Mr. Adams is now in the employ of the county society, visiting the several towns in the county, soliciting funds, looking after the interests of the local societies and furnishing Bibles and Testaments as they are needed. We bespeak for him a kind reception, and for his appeals a generous response. Let the one talent even be brought forth to the light, and enter upon its surely apostolic mission of publishing the gospel to the world.

M. P. KINNEY, Pres't.
WILLARD MERRILL, Sec'y.

ANOTHER IMPORTANT RAILROAD DECISION.—The supreme court of this state has made an important decision, which, it is supposed, has a bearing upon the farm mortgage question. The case is that of Alonzo H. Waldo vs. the Chicago, St. Paul & Fond du Lac Railroad Company, in which Waldo states that he purchased stock of the railroad company and transferred real estate to Wm. B. Ogden, as trustee, in payment, upon representations that the company was in good pecuniary condition, which it was not. The main point decided is, that railroad companies are responsible for the misrepresentations of their agents, and that all stock subscriptions or property obtained by such misrepresentations of agents are fraudulently acquired. The judicial settlement of this point to the mortgagors is an important end gained. The decision is otherwise interesting as declaring the legal disabilities of railroad companies in certain cases.

OLD FOLKS' CONCERT.—The singers of this city assisted by others from abroad, will give an Old Folks' Concert the first of next week for the sole purpose of replenishing the purse of the Ladies Soldiers Aid Society. The singers will appear in the costume of "Auld Lang Syne" and treat their audience to some of the famous ancient tunes. There will be the usual variety of the Home Concerts which every community so justly appreciate and commend. Let there be a rousing house to help our suffering brothers who are so nobly fighting for our dearest rights.

KILLED.—A young man named George Davidson, in the employ of George Lord, of Oshkosh, was caught under a tree which he was felling, last week, and killed.

LYNX CATS.—Two very large animals of this kind were killed at Fond du Lac, last week. They had destroyed a great many sheep in the neighborhood.

STRONG ICE.—Four horse teams with loaded wagons now cross the Mississippi at LaCrosse.

MILL BURNED.—The mill at Monterey, belonging to Henderson & Gamble, was burnt on Sunday night. As no fire had been used about the premises, it is supposed to be the work of an incendiary. Loss about $3000, and no insurance. The mill was run by Huber & Miltimore, who lose about $1000 in stock.

☞ The number of French operatives employed in the cotton manufacture is over five hundred thousand. Two-thirds of these people are out of employment and are reduced to a state of suffering very similar to that which prevails in Lancashire. Thus far but limited efforts have been made for their relief.

THE SPANISH INSULT TO OUR FLAG.—The Washington Republican, of Thursday, says our government is taking proper steps to ascertain the cause of the insult offered by a Spanish war vessel to one of our mail steamers, and to demand a suitable explanation.

The junior editor of the Mineral Point Tribune writes from Portland, Oregon, that he had seen heads of cabbage weighing 26 pounds apiece, rutabagas weighing 25 pounds each, and a squash that weighed 160 pounds. The people of Oregon ought not to starve for want of vegetables.

OHIO PREMIUM

GRAIN DRILL

AND

Grass Seed Sower.

HAVING sold over three hundred of these drills in this state the past year, and and eleven hundred having been used in northern Illinois and this state during the same time, all of them giving satisfaction, has induced me to advertise some of the peculiar properties of this drill over others.

It is a double rank drill, with a driver's seat attached or not at the pleasure of the purchaser. It will sow all kinds of grain and grass seed. It will not break or cut the grain, and will sow from ½ to 5 bushels per acre.

It will sow correct when driving fast or slow. The quantity is gauged without any change of gear, can be easily changed from double to single rank, can in sowing use one half the drill or less if desired.

THE DRIVER'S SEAT

is so attached that the operator can drive and work his drill with perfect ease, without the trouble of getting off to turn around, and, he sits in such a position that he can see the whole operation and know that every tube is sowing. The drill is so combined that there is no weight upon the horse's neck when the driver is on or off the seat.

This improvement, combined with the

Steel Spring Shovel

for rooty and stony ground will clear itself from roots and stones or any obstacle that may come in its way, without the necessity of stopping to replace a broken pin, thereby causing trouble and delay—renders this

The Cheapest and Best Drill

ever offered, and we think that every candid thinking farmer will agree with us in this respect.

At the Ohio State Fair, in September last, in Cleveland, this drill

Took the First Premium

over the Buckeye and Star Drills and others, so the people can form their own opinions in relation to what is thought of these drills at home. It is also conceded that this drill is the

Lightest Draft and the Easiest for the Team

of any drill made. These drills will be on exhibition at the

CORN EXCHANGE, JANESVILLE,

and other prominent places in the state, and also by the numerous farmers who used them last year throughout this county and state. These drills are

WARRANTED

to be in good order, to work well during the seeding, if properly used; to distribute the seed regularly, and sow any quantity of seed per acre, commonly sowed broadcast; to be well made, of good material, and durable with proper care; if the purchaser shall follow the directions accompanying the drills, in using the same.

This drill has been awarded the First Premium at the Indiana, Michigan, Illinois and Iowa State Fairs, and for the past three years in succession it has received the first premium at the Ohio State Fair, and all the County and District Fairs where it has been exhibited in competition with all the different kinds of drills manufactured in Ohio and the west.

All Competition Beaten!

Also this drill was awarded the First Premium at the Ohio and Illinois State Fairs in 1861, in competition with (at the Ohio State Fair)

The facilities we possess for carrying on our

ENORMOUS BUSINESS

are unsurpassed. We have one of the best

Arranged and most Commodious Stores

in the state; and a resident buyer in New York in addition to E. McKey, who spends nearly all his time there, which enables us to

Take Advantage of Every Bargain

that offers, whether at auction, private or bankrupt sale. Our European connection is under the superintendence of M. F. McKey, who spent four months there last fall, and will again proceed thither next spring.

It is needless to expatiate on the immensity of our resources; we will merely state that all our goods are

BOUGHT FOR CASH.

It is conceded by all that we do the

Largest Dry Goods Business

in the state; our sales during the past year in our various stores amounting in the aggregate to the handsome total of $350,000—

Three Hundred and Fifty Thousand Dollars!!!

This we have achieved by doing our business on the go ahead, Young America principle of

JUSTICES BLANKS FOR SALE.

The Jessup Grain Drill!
Improved and Made by
R. J. RICHARDSON.

THE satisfaction which the Richardson Drill gave in 1862 has induced me to

Make Double the Number for 1863.

The principle of the Drill is all that was at first claimed for it. The experience of 1862 enables me to make them just

Adapted to the Peculiarities of this Soil,

which is very difficult to till.

More than three hundred of these drills were used in this vicinity last spring, and it is universally conceded that the Richardson Drill is

PERFECTLY ACCURATE

in the *quantity of Seed Sown per Acre,* and that it is easily adjusted to any quantity desired. It is also conceded that the Richardson Drill is the

Lightest Draft and the Easiest for the Team

of any Drill yet introduced.

The drills of 1863 are readily changeable from double to single rank. The points are longer, sharper and heavier than those of 1862, which render them better adapted to the hard and crusty soil of early fall plowing. Notwithstanding the

Large Advance on Material

we have concluded to offer our drills at the

SAME PRICE

as in 1862, which is as follows: 9 tooth, $70; 10 tooth, $75; 11 tooth, $80; 12 tooth, $85; 13 tooth, $90.

To those who know the Richardson Drill it is needless to say anything. Of those who do not know them, we would ask an examination, and refer to any one who has used them. Our drills are now

READY FOR EXHIBITION.

They are made at the well known

Rock River Iron Works

of Harris, Guild, Angel & Tyler. The character of their work is well known. I would like everybody to examine these drills.

To those wishing to purchase drills, I would say that I guarantee their

Working to the Entire Satisfaction

of the purchaser, or No Sale.

The Corn Planter Attachment

to the Richardson Drill will plant corn

In Hills Accurately

and any distance apart, from two to five feet, and two or three rows at once.

Mr. W. H Reed, of La Prairie, used one of the Richardson Twelve Tooth Drills to

Plant Over 50 Acres of Corn

and 100 acres of wheat. He planted three rows of corn at once, and in hills to suit his mind. Any one wishing to know about the planter please inquire of Mr. Reed.

F. A. WHEELER & SONS.

THIS splendid establishment, situated on Main St. a few doors north of the Excelsior Hotel, is now in successful operation. The

Machinery is New

and of the best quality. We are therefore prepared to manufacture a Yard of Cassimere or a pound of Stocking Yarn for

Two and a half Pounds of Wool,

or 1¼ lbs. of wool and three shillings for manufacturing. Also, all kinds of

FLANNELS AT THE SAME RATES,

according to the amount of wool required to make them.

Wool Carding and Cloth Dressing
Done on Short Notice.

Those having Fine Wool to be carded into rolls should have it

Cleansed at the Factory,

as our conveniences are better calculated to do it well. Our price for cleansing is one cent per pound. It is very essential to have wool in good condition, otherwise it injures the card and produces poor rolls. Our carding machine is the best that could be obtained, and cannot fail to make good work. We would invite all who wish to see good machinery or want good cloth, to give us a call. Also, would say to merchants who wish to obtain our cloth, that it would be for their interest to buy wool and get it manufactured, and by so doing, get a good article that they can recommend to their customers.

A good supply of

Cloth Constantly on Hand,

which will be sold cheap for cash or wool, or exchanged for wool on shares.

Those living at a distance can send their wool by railroad or express, with directions, and it will be promptly attended to. Those coming from a distance, with wool to be manufactured, will be kept over night,

FREE OF CHARGE.

We are prepared to make

Plain and Fancy Cassimeres,
CHECKED FLANNELS, &C.
Also,
INDIGO DYED CASSIMERES,
Stocking Yarn and Rolls.

And finally, most kinds of cloth and yarn that may be wanted.

We have also made arrangements with a first rate

FANCY DYER,

who will attend to the dyeing of all kinds of silk and cotton goods. Please give us a call.

FLORENCE SEWING MACHINE.
OVER THE POST OFFICE.

THERE is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE COMPANY.

Who take pleasure in placing their Machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantage of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our Machines will be promptly answered. Enclose a Letter Stamp and we will send circular and sample of work by return mail.

ROCK RIVER IRON WORKS
THRESHING MACHINES.
LOOK WELL AT THE FOLLOWING POINTS IN THESE
MACHINES.

1st. The Large Shoe and Seives,
2d. The long carrier rake and the great speed with which it runs, spreading the straw thinner as it leaves the apron or grain belt, and thereby giving the grain more chance to fall through, and not be carried over in the straw.
3d. The ease with which it can be removed for storage, or left on permanently, as in other Machines, being held by swivel braces from the sill.
4th. The strong and heavy gearing in the jack.
5th. The pulleys are all covered with leather to prevent slipping and wearing of belts.
6th. The covers on all the oil cups of the boxes.
7th. The cloth used in the aprons.
8th. The nine bars in the cylinder, with teeth made of the best quality of iron, made expressly for the purpose.
9th. Observe the trucks, and examine the workmanship and finish of the whole machine.
10th. These machines are furnished with the best kind of leather belting (or rubber if preferred), and are fully warranted in every respect.

We have still a few left, and in view of the poor crops and hard times, will sell them on easy terms.

COUNTY COURT OF ROCK COUNTY.
In the matter of the estate of John Doyle, deceased.

ON reading and filing the petition of Thomas Thorp, the administrator of the estate of said deceased, setting forth the amount of personal estate that has come to his hands and the disposition thereof, the amount of debts outstanding against said deceased and a description of all the real estate of which said deceased died seized and the condition and value of the respective portions thereof, and praying that license may be granted to him to sell so much of the said real estate as may be necessary to pay the debts of said deceased, the costs of administration and the expenses of the funeral and last sickness of said deceased; and it appearing by said petition that there is not sufficient personal estate in the hands of said administrator to pay said debts and said costs and expenses, and that it is necessary in order to pay the same to sell part of said real estate, it is therefore ordered that all persons interested in said estate appear before this court at the office of the judge thereof, in the city of Janesville, in said county, on the first Monday of February next, at ten o'clock A M, then and there to show cause why license should not be granted to said administrator to mortgage, lease or sell so much of said real estate as shall be necessary to pay said debts and expenses, and that a copy of this order shall be personally served on all persons interested in said estate residing in the said county at least fourteen days prior to said hearing, and shall be published four successive weeks prior to said day, in the Weekly Gazette and Free Press, a weekly paper published in said city. By the court,

GREAT REDUCTION
—IN—
The Prices
—OF—
SINGER & CO.'S
STANDARD MACHINES
Well known to be the best for
Manufacturing Purposes!
No. 1, Standard Shuttle Machine, formerly sold at $90,
Reduced to $70.
No. 2, Standard Shuttle Machine, formerly sold at $100,
Reduced to $70.
Singer's Letter A Machine,

IS the best Machine in the world for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,
FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy
LEATHER WORK,
in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done, with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand
Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the special
GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of
I. M. SINGER & CO.'S GAZETTE,
which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis.*

We have made the above Reduction in Prices with the two-fold view of benefiting the public and ourselves The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality, Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal and finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

Paper Monopoly.

We have never doubted that the monopolizers of paper and paper rags had caused the principal part of the rise in the price of those articles. The information from Washington that they are engaged in buying up all the stock they can, while they are lobbying against the reduction of the duty on paper, and all the materials of which it is made, confirms this suspicion. They will get their hands so full, after a while, that they can hold no more, and then their paper balloon will burst. We advise all who have rags to sell to bring them into market now, while the price is up, as there is no predicting when there will be a fall in the market.

Congressional.

In the senate, on Saturday, Mr. Sumner introduced a resolution directing the committee on the conduct of the war to investigate the condition of the army of the Potomac.

The Missouri emancipation bill was discussed at great length. An amendment offered by Mr. Wilson of Massachusetts extending the time for emancipation for three years, was adopted. The bill appropriates $20.000,000 for the purpose. The senate adjourned at midnight without taking a vote.

In the house the Illinois and New York ship canal bill was under discussion, and produced an exciting debate, the railroad monopolies of the East making a vigorous fight against it. It is doubtless for the interest of the West that these canals should be enlarged, but we can scarcely say that we are prepared to see the general government engaged in this or aby other internal improvement scheme, which has not the clearest military necessity to recommend it.

TEXAS.—There is no part of the revolted confederacy which requires more immediate attention than Texas. The rebels are selling cotton and importing war materials over the Mexican boundary to a great extent, aided by our *good friends* the French and English. The possession of the Mississippi river will stop the transportation of these contraband articles to the rebels east of that river, but an active and energetic commander, with a sufficient force would seem to be need very much, at this time, in the neighborhood of Brownsville, and the Rio Grande boundary.

WILL NOT BE A CANDIDATE.—The name of Mat. H. Carpenter, Esq., has been spoken of in connection with the chief justiceship. The Wisconsin is authorized by him to say that the use of his name by any party in connection with the supreme court judgeship, is entirely and absolutely contrary to his wishes.

There is talk of pushing the railroad from Sheboygan through to Fond du Lac this season, and the matter of extending it to Ripon engages much attention in Fond du Lac county.

The 5th Wisconsin, now commanded by Col. Thos. S. Allen, numbers 500 effective men, as good as ever handled a musket. They have been recently organized to form part of a "light brigade," consisting of the 5th Wisconsin, 4th Vermont, 6th Maine, 31st New York, and one other regiment not yet designated. This brigade will be under command of Gen. Pratt. Cavalry and artillery will also be attached.

In addition to the names already before the public as candidates for chief justice, the Madison Journal mentions those of Hon. O. H. Waldo and Jason Downer from Milwaukee.

☞ Mr. Sharpstein, dem., has introduced a bill for the repeal of the law enabling citizens of this state in the army to vote at general elections.

THE IMBROGLIO IN THE ILLINOIS LEGISLATURE.—The state senate was unable to do any business on Saturday, the republican members having absented themselves, in accordance with the caucus determination. The opponents of the government will have to come to terms of decency, or the absentees will probably not return to their seats.

In the house, on Saturday, there was a repetition of the exciting scenes that occurred in the senate on the day previous. The opponents of the government forced the proposition to adjourn till June to a passage. The republicans made a strong opposition, and some of them left the house to prevent its passage, but being waited upon by the sergeant-at-arms, were in duty bound to return to their seats, and the measure passed.

We learn that the republicans of the house, like those of the senate, have absented themselves, and will not return unless the democrats shall conclude to abandon their schemes for giving aid and comfort to the enemies of the Union. This is the last report from Springfield. As to whether it is true or not, we will probably be definitely advised before going to press. If both parties adhere to the positions taken, of course the legislature of Illinois is at an end.

The appropriation bills for the support of the state institutions, etc., have not yet been passed upon, which is the only fact to be regretted under the circumstances.—*Chicago Journal.*

To the Loyal Men of Rock County.

The exigency of the times, and the circumstances in which we are placed, demand instant and energetic action on the part of all loyal men, if we would save our country from dismemberment and anarchy; and this must be my apology for assuming to make this appeal to your patriotism, and for presuming to advise you in this matter.

While our sons, our brothers, and our fathers are battling with open and armed rebels, to preserve our Union and our liberties, it is our duty to defend them from the machinations of secret foes at home. A secret treasonable organization, known as "Knights of the Golden Circle," undoubtedly exists throughout the northern states; which, in conjunction with the no less dangerous and little less treasonable, though more open organizations, called "Democratic clubs," are doing all that is in their power to overthrow this government of ours, and to establish thereon a despotic, slave holding oligarchy. The proof of this is found in the exposed secrets of the Golden Circles, in the speeches of democratic orators, in the resolutions of democratic conventions, in the columns of democratic newspapers and in the acts of the leaders of the party generally.

The testimony furnished by their own acts is so glaring and palpable that conviction of their guilt, like that of their coadjutors at the south, is absolutely self evident and undeniable.

At the outset of this rebellion Mr. Lincoln, with a view to unanimity at the north, magnanimously took as his counselors, and placed at the head of the armies of the republic, men who had bitterly opposed his election, but who professed sincere attachment to the Union. Many of these, I am happy to know, have proved their fidelity by their acts; but most unfortunately for the country, very many of them have, by their evil counsels and traitorous conduct so hampered the government and retarded the action of our armies as to well nigh ruin the cause.

The false and infamous dogma put forth by the leaders in this rebellion, "that the constitution gives the general government no power to coerce a state," was eagarly laid hold of by a large number of leading democrats at the north, whose sympathies were with the rebels; but the noble and patriotic stand taken by senator Douglas, John A. Logan, Daniel S Dickinson, Benjamin F. Butler and many other prominent democrats, gave the assurance that the party in the main was sound for the Union. But after the death of Mr. Douglas, and as difficulties and disaster began to thicken around us, it was noticable that the rebel sympathizers grew more bold, and that the party began to drift towards them.

The ground taken by Mr. Douglas and his noble compeers, "that until the rebellion was put down they should know no party but that of the Union," and the equally noble resolve to "lay aside all criminations and recriminations as to the origin of these difficulties," was abandoned and unheeded, and a reorganization of the party, in opposition to the administration and the war, was demanded. This organization, fellow citizens, is now complete. The democratic party is now in the hands of the enemies of the republic. The Vallandighams, the Woods, the Breckinridges, the Seymours and the Coxes, now control its action and shape its policies. What that motive is and what that action will be is as unmistakable as is that of Jeff. Davis himself. The counsels of Mr. Douglas are thrown to the winds and unheeded, Benjamin F. Butler, Daniel S. Dickinson, John A. Logan, and all other honest war democrats, who are fighting the rebels and sustain the president in a vigorous prosecution of the war, are denounced as traitors and rebels and unceremoniously kicked from the party.

The administration and its friends are boldly denounced as the authors of this wicked war, which they falsely assert might hare been averted but for the wickedness of the black republican party.

The dying words of Mr. Douglas gave the lie to these assertions. In the last speech he ever made, he declared that "the south has no just cause for rebellion;" that it was no new thing, but deliberately planned years ago. "When," says he, "the history of the two years from the Lecompton charter down to the late presidential election shall be written, it will be shown that the scheme was deliberately made to break up the Union." Again he says, "There has never been a time from the day that Washington was inaugurated first president of these United States, when the rights of the southern states stood firmer under the laws of the land than they do now; there never was a time when they had not as good cause for disunion as they have today." And this is gospel truth. Years ago southern politicians took the ground that slavery is the common law of the constitution; that it is the true relation of capital and labor, and the only sure basis of republican institutions; and when they could not force the north to subscribe to these monstrous heresies, they determined to divide the Union. With this wedge they split the democratic party at the Charleston convention. Mr. Douglas and his friends refused to subscribe to it, and therefore the south repudiated both him and them, though they knew it would result in the election of Mr. Lincoln. From that day they began to scrape lint—they had resolved upon war.

Whether Mr. Lincoln or Mr. Douglas was elected made no difference; war was inevitable—unless, indeed, we had basely submitted to a disruption of the Union without striking a blow in its defense, and that is what Mr. Douglas, no more than Mr. Lincoln, had never counseled, and would never have permitted.

Doubtless the leaders in the rebellion counted largely on the co-operation of northern democrats, and in this they have not been disappointed. But for that, the rebellion would have been suppressed long ere this; perhaps it would never have been commenced.

Now, fellow-citizens, one of two things will be done. Either this rebellion will be put down, the Union restored, universal liberty be recognized, and a course of prosperity and happiness such as the world has never witnessed be fully insured, or, this rebellion will succeed, the Union be rent asunder, and a despotism, whose cornerstone and foundation is chattel slavery, will be established, which will bury for centuries to come all hopes of liberty and civilization on this continent, if not throughout the world.

With a united north this rebellion would be put down in ninety days—would have now been put down. The only hope of the rebels is in our division. The success of the democratic party is the success of the rebellion. Our duty in this crisis is therefore plain: the democratic party must be defeated. As they are organizing, we must organize also. Their disunion clubs must be offset and nullified by Union clubs.—They must be fully met at all points, and their treason and dishonesty exposed. They are winning many to their ranks by working upon the prejudices, the ignorance and the fears of the people. Let them be disabused; let the truth be laid before them; above all let the responsibility of inaugurating this devilish war be fixed where it belongs—on the democratic party. Let it be kept constantly before the people that this war was planned, begun, and is now being waged solely by democrats in the interest of slavery, and that no republican is fighting to destroy the Union, but to preserve it; that the rebel states had nearly all seceded and the war commenced, by firing into the Star of the West, long before Mr. Buchanan retired from office; that every officer, from Gen. Twiggs down, who has ingloriously surrendered or stolen government ships, forts, arsenals, dockyards, armies, and property generally to the rebels, either before or since Mr. Lincoln's inauguration, were and are democrats.

I know whereof I affirm, fellow citizens; I go by the record. This is all matter of history, clear and undeniable; yet, in full view of these damning facts, they have the inconceivable baseness and wickedness to say that this is an "abolition war," begun by black republicans to free the "niggers;" and, with a brazen audacity that is more than human, they solicit our votes to place them again in power. It must have been these of whom the poet Dante said:

"Heaven chased them forth to keep its beauty from impair;
And the deep hell receives them not, for the wicked would
Have some glory over them."

Of all classes, none are so deeply interested in this struggle as the laboring class. Labor, to be honorable, must be educated; to be educated, it must be free. Slavery dooms labor to eternal ignorance and degradation, and tramples upon all its rights.

"Arouse, then, from your lethargy, children of toil,
Ye sons of the anvil, the loom and the soil;
Come forth, as the winds in their struggling might,
And wrestle till death with the foemen of right."

The burthen I know is great, but great is the work; and if success but crowns our effort, great will be the glory. History has no brighter page than the one upon which will be written the record of this terrible struggle for humanity. Let us not weary, then, but bravely battle on till a glorious victory shall crown our efforts.

Yours, for humanity and liberty,
J. M. BURGESS.

CAMP OF THE 8TH WIS. INFT. VOL., GERMANTOWN, TENN., Feb. 1st, 1863.

Editors Gazette:—We left Corinth about the 20th of January, by rail, and arrived at this place the same evening, a distance of 150 miles, via Jackson, Tenn. We are 15 miles east of Memphis on the Memphis and Charleston railroad, at a small village called Germantown. The inhabitants, like most of the towns we visit in the south, have deserted their houses and left them to the tender mercies of the Yankees, who, I assure you, have very little respect for unoccupied houses, and many that have families living in them get pretty well stripped, if they are near the camps of the Lincolnites. The people of Janesville know but very little of the devastation an army makes going through the country. Just imagine an army of 50,000 men encamping on the banks of Rock river near Janesville; the soldiers coming into town and stripping the buildings of the siding; going into your best houses and snaching a door from the hinges to make a bed of; occupying your churches for hospitals or for quartering troops in; notifying, for instance, Mr. Jackman or Mr. Tallman that their buildings would make very good hospitals, and they must vacate them by to-morrow morning; go into your best filled stores, take a hoe or rake, as I saw them at Holly Springs in a crockery store, raking down the dishes from the shelves to see them fall, and brake, and hundreds of other things full as bad; and last but not least, steal all your chickens and then notify you that the chickens were not good cooked without salt, and of course you must furnish that, or get a rough talking to. Just have a few of these comforts, and you will begin to feel that there is war in the United States. Don't, for God sake, grumble at big taxes, high price of living, &c., for you are living in Paradise.

I see by correspondence from other regiments from Wisconsin that have not had the fortune, as they call it, yet to have been in battle, are getting uneasy for fear they may never get a chance to be shot at. I would like to inform them that if they should ever be so *very fortunate* as to get into one or two sharp engagements they will be done praying for any such *favors*. If they can serve their country where they are to a good advantage, and they certainly can or they would not be left there, I say to them, be contented. Battles seem much nicer on paper than they actually are on the field.

They are getting us together near Memphis, probably to send on transports to Vicksburg. If that be the orders of our generals we are ready to go and share the *fortunes* of our comrades, but if any of those regiments that have not seen the shells burst and their comrades torn to atoms with the huge balls, and heard the little fellows *zip, zip*, by their ears; if they can manage to let us relieve them any way, and they take our place and tickets for the excursion, they will confer a great favor on any regiment that has seen the elephant; all should get a glance to appreciate his greatness. We are all ready to go where and when wanted, but are not anxious for very large shows.

I see also by the correspondents of regiments that the good ladies of Janesville and vacinity have not forgotten their numerous friends and soldiers in the field to attend their many wants, in the way of boxes, &c. I see one correspondent says they have enough and as much clothing and bedding as they can take care of; delicacies and good things to eat is what they most need. Well, as for the sick of our regiment we have not got many, and as for delicacies spoken of, I am sure we are totally ignorant of its meaning, for to my certain knowlege our hospital has never received such a thing as a box, and being without delicacies now for 18 months, it would have a bad effect on the boys. Hard crackers and bacon is the diet our sick get, and they get along pretty well on that. We have not had a man die in the regiment or in the regimental hospital since last May from disease. We have lost a few men absent in general hospital, and they probably have not got even what hard bread and bacon that was necessary to live on. You see, Messrs. Editors, these big doctors like big dinners, and for big dinners I suppose there must be delicacies on the board, but I don't mean to say that doctors ever eat up anything sent to the sick, nor wear any clothing calculated for the sick. They are not that kind of men, you know, doctors are calculated to make the sick comfortable, and of course they do. There may be boxes after us, but I don't think they will ever catch us, for since the 18th of August last we have not stopped long enough in one place to receive such a thing. I don't think Capt. Wheeler's company is much troubled about such things, either; that is, I never heard from them in that capacity.

We have 501 men here for duty to-day, 54 in my company, one sick, but nothing serious. The rest are all well and ready for any orders except to lay in camp more than two weeks at a time; that we would have to practice on for a while. Any such orders would cause mutiny in the regiment.

We have a good deal of rain here now; the weather is warm; the most snow we have seen this winter, put it all together, would not hide the ground from view; we have jayhawked some lumber, enough to keep King, Sargent and myself out of the mud and think we are living in big style. We moved camp yesterday; had the best camp since we left Clear Creek, but that was to good for us and then we had been there a little over a week and of course had to move; got into a beautiful mud hole now, but I don't think we will float off, got a trench dug around us, and think of digging one through the centre of the tent, for it rains harder in here than it does out-doors; sometimes we go out to keep out of the rain. If the boys up the hill don't float out and come in contact with us, I think we are safe for the present, until another flood comes.

I must now close, for it is near dinner time, and it is Sunday—to have a big dinner on Sundays, bill of fare—hard crackers, salt pork, very fat, beans, and—that's all.

Last Night's Report.

On Board U. S. Hospital Ship Red Rover, Mouth Yazoo River, Feb. 3, via Cairo, Feb. 8.

Special to Chicago Tribune.—At last, after a complete dearth of news of importance since the Arkansas and White river expeditions, we have interesting items to chronicle, which gives token of activity.

This morning at 5 o'clock, the ram Queen of the West, commanded by Capt. Sutherland, with Col. Ellet, commodore of the ram fleet, on board, left this river, and having passed down by the peninsula, in full sight of Vicksburg, rounded the point and was under full headway down towards the city before she was discovered. The rebels then opened fire upon her with a number of their heaviest guns, and kept up a brisk cannonade, while she ran in towards the landing and fired shell into, and twice butted the rebel steamer Vicksburg, moored to the bank, directly under the river batteries.

Besides the time occupied in running down towards the city, she was fully ten minutes detained in making her assaults upon the steamer. Notwithstanding all this opportunity, and the close proximity to the rebel batteries and fire from them of 100 of shot and shell, she was only hit twelve times, and it is said not a person was injured. She continued down the river, and landed at the lower end of the canal, when Capt. Sutherland landed and crossed the peninsula back to the river.

Col. Ellet continued down the river, his destination being watched. This movement will be followed up to-night by an attempt by the ram Monarch to make the same trip. These rams will be able to keep open the river for some distance, with the assistance of one or two iron-clads, whose commanders are soliciting the same privilege, and may soon be granted permission to run the blockade.

A large body of troops might thus be landed from flatboats upon the south side of Vicksburg. If this cannot at present be done, direct communication of the besieged city with Texas and Louisiana can be cut off, and transports on Red and Ouachita rivers can be captured or destroyed.

This will be a great gain, and the value of this pioneer achievement, therefore, relatively, as well as intrinsically, is very great.

We have had two flags of truce lately, one on the 31st, and one later. The first was ostensibly to discover what had become of the rebel colonel who is said to have disappeared. Another to demand possession of the woman, now Capt. Sutherland's wife. The rebels were somewhat taken aback when informed that the lovely Mississippi widow had become the spouse of a hated Lincolnite, but they had to go home without her. Their real purpose was undoubtedly to obtain information.

I have seen and talked with officers engaged in the conflict of the ram with the batteries. They say it was impossible to count the rebel guns, but they seemed to be planted behind trees and houses, and rifle-pits, with infantry using small arms. It was indeed a miracle that she escaped. She was under fire from half past 6 to quarter past 7.

CAIRO, Feb. 7.

We have intelligence from Vicksburg up to last Tuesday. On the previous Friday the rebels had planted two batteries below the canal, so as to subject any boat attempting to go by to a terrific cross-fire. Between these batteries and Vicksburg are two steamers, captured by Union troops.

On the same day that these guns were mounted, the enemy crossed the river in force, marched westward around our camps, and succeeded in getting near Richmond, where they threw out pickets towards Milliken's Bend. The federals, being informed of the close proximity of the enemy, although ignorant of their numbers, sent out 200 mounted infantry, and a part of two companies of cavalry, who encountered the pickets, drove them back through Richmond, killed two, wounded several, and captured a number of prisoners. The Union loss was one killed and one wounded in the thigh.

When our informant left, two iron-clad gunboats were prepared to run the blockade the first foggy night.

Illinois regiments have been suffering severely from the prevalent sickness.

OPPOSITE VICKSBURG, Jan. 31, via Cairo, Feb. 7.

There is no news from Banks or Farragut.

The river is rising slowly. The weather is clear and warm.

The surveyor's estimates for the canal across the point will be completed this evening; the largest possible force will be kept at work on it, day and night, till completed. The canal project is, therefore, fully adopted, and everything staked on its availability. It must be wholly cut the required depth and width, as it is demonstrated that no reliance can be placed on the action of water washing it out. Several weeks must elapse before its completion.

Troops from above continue arriving.

The enemy opposite are vigilant, and strengthening their defences, already formidable. Fort after fort, of exceedingly heavy earthworths, extend along the heights below and above.

Our batteries command the river five miles below the city.

No engagement is probable for a fortnight.

Gen. Grant has assumed command in person.

Gen. McClernand is assigned to command the 10th army corps, department of Tennessee, charged with garrisoning the post of Helena, Ark., and all other points south of that on the west side of the Mississippi river that it may be necessary to hold.

A flag of truce came up yesterday from Vicksburg, under Jacob Thompson, formerly secretary of the interior. Its pretence was to inquire after prisoners, but really to learn the situation and condition of the canal. It was escorted back with but little information.

An expedition has departed on a side demonstration. Particulars will be given in few days.

Preparations for taking Vicksburg are going forward vigorously. Everybody is sanguine of ultimate success.

A break was threatened in the levee above us, yesterday, and a large force was employed in strengthening it for our own protection. The river is high and rising.

The weather is warm and rainy.

There is no news from below.

The rebels are engaged in iron plating the steamboat Vicksburg at the landing. The talk of gunboats attempting to cut her out is improbable.

PHILADELPHIA, Feb. 8.—The iron steamer Princess Royal, in charge of Acting Master Van Sice, arrived off the Navy Yard to-day. She brings highly important intelligence both as relates to her capture and the rebel attack on our blockading fleet at Charleston, showing conclusively *that there is no foundation for the assumption of the rebels that the blockade of Charleston was ever raised by the departure of the blockading fleet.*

Only two vessels out of the eight or ten were diabled or obliged to leave.

It appears from the statement of an intelligent eye witness that the cause of the attack of the rebel ram on our squadron was owing to the capture of the Princess Royal, the captain and pilot of that vessel having escaped ashore during the darkness of the night, and communicated the intelligence to the rebels.

The Princess Royal endeavored to run the blockade by way of Beach Inlet on the 29th but was discovered by the pilot boat Blunt. On signal being given the Unadilla gave chase and captured her without other assistance. It was then discovered that the captain and pilot had succeeded in getting ashore by a small boat, carrying important dispatches to the rebel government.

At daylight a thundering of guns was heard, accompanied by sharp flashes of fire. It was supposed that our fleet was engaged in making an attack, or that the Alabama or Florida were endeavoring to force an entrance. At daybreak two rebel ironclads were seen coming down from the direction of Stono Inlet, towards our fleet.—They attacked the Mercedita first.

One ram struck her near the water's edge, kneeling her over, and at the same time firing a shot which entered one of her boilers causing the death of three persons, including a gunner, by the shot and steam.

The ram then hailed, the Mercedita.—Capt. Stellwagen, loward one of his small boats, after leaving one of the plugs out, allowing the water to enter, it.

The ram answered our hail with "Confederate ram Palmetto State. Do you surrender?" This was repeated three times, Capt. Stellwagen replying at each inquiry, "I am in a sinking condition." The rebels answered, "God damn you to hell, if you don't surrender we will blow you out of the water. Send your boat aboard." The boat which Cap. Stellwagen had lowered then conveyed his executive officer to the rebel ram, and the officer asked to be admitted on board. This was refused. The Lieutenant then repeated Capt. Stellwagen's statement, that we were in a sinking condition. The rebels replied "You can't sink lower than the rails. We cannot take you on board." The officer then gave his parole, as demanded, and returned to his ship.

The rebels were thus successfully deceived as to the condition of the Merecidita, thinking she was in a sinking condition.—She laid in shoal water, and hence the reply that she could not sink below her rails.

The ram steered toward the Keystone State and sent a shot through her steam drum, causing the death of twenty-one persons—twelve by the shot and nine by scalding by steam. Fifteen more were wounded, and are lying at Port Royal, some in a precarious condition. In the meantime, the guboat Housatonic engaged the other ram, driving her away. At half-past six in the morning, both rams left the scene and passed up to Charleston.

During this attack on our fleet the Princess Royal, which lay near the Housatonic, and was the chief object of prize on both sides, succeeded in getting off, mainly through the assistance of third assistant engineer Thurston, who piled into her furnace all the inflammable material at hand. Her escape is chiefly owing to his endeavors, as well as her their safe arrival at this port.

The Mercedita steamed down to Port Royal and with only one of her boilers injured. She arrived safely at Port Royal, and would be repaired in a day.

The Keystone State was entirely disabled, but was towed to Port Royal by the Memphis.

The rebel statements that the federal fleet had entirely disappeared from the port of Charleston are *entirely unauthorized* by the facts.

During the day time our blockading fleet is not particular as to keeping to the station, and on the day of this assault most of the vessels sailed towards the Keystone State to ascertain her condition, and whether she wanted any assistance. This may account for their apparant absence at the time of the visit of the foreign Consuls, as mentioned by the rebel papers. Our vessels as usual returned to their positions at dark.

The new Iron-sides arrived the next day to reinforce the blockade.

Information is also brought by the Princess Royal, of the attack by the iron-clad Montauk, on Fort McAllister, the 28th ult. She was not at all disabled. She received seventeen shots in her sides, and twelve on her turret, without receiving any injury whatever, although engaged five hours.—She returned to her anchorage for want of shells. It being foggy next morning, she did not return to the attack.

To-Day's Report.

(Reported Exclusively for the Daily Gazette.)

MORNING DISPATCHES.

NEW YORK, Feb. 10.

A New Orleans letter of the 2d, to the World, says: Our consul at Montery writes as follows:

"Wagon trains for the rebel army have been bought at Monterey, and down the country as far as San Luis Potosi, nearly a thousand miles from San Antonio. Goods from the interior are generally sent across the Rio Grande at Fort Duncan. One agent purchased in Europe three vessel loads of arms, and their arrival is daily expected at Matamoras. A cargo of medicines, also bought in Europe, is known to be due at that port."

The New Orleans Delta is informed by Paymaster Fitch, of the steamer Tennessee, that the Harriet Lane has not got out of that port. Her masts have been taken out, and she has been towed around the bend behind the town to place her out of range of the Brooklyn's guns.

The Houston Telegraph, of Jan'y 5th, states that the guns of the gunboat Westfield, which was blown up in Galveston bay, have all been fished up.

The Times' New Orleans correspondent says: I am sorry to say that rumors are afloat here respecting a disorderly spirit having manifested itself among our troops at Ship Island, owing to an arrival there of a negro regiment. The reports go so far as to state that several officers have been arrested for mutinous conduct.

The Port Royal correspondence of the Times says the attack by the Montauk and gunboats Seneca, Wissahickon and Dawn, assisted by the mortar steamer Williams, upon Fort McAllister, was resumed Sunday morning, but I have not been able to ascertain that much progress was made in reducing the fortifications. Under guidance of a negro pilot who had escaped from the Nashville, the Montauk was taken, early in the morning, to a point within six hundred yards of the battery. Commencing work at once, she continued the bombardment until 12 p. m., when ebb tide compelled her to retire. She was unable to breach the works in consequence of the immense thickness of the embankment, which was nearly thirty feet.

The Montauk was struck forty-six times, and received no other damage but the starting of six bolts in the pilot house by a rifle shot and the shattering of her smoke stack. Other vessels took position at long range, and kept up a steady fire until signalised by Capt. Worden to cease. The Seneca and Mortar each received one shot from the battery, but neither vessels nor men were injured.

In view of the more important service requiring the Montauk, I should not be surprised if the attack on Fort McAllister, for the present, should be relinquished.

The Herald's Washington dispatch says that the paper makers hold a meeting here, Wednesday night, to counteract efforts making to get a reduction of duty on foreign paper. They are purchasing all the old tents for sale by government, and importing vast quantities of rags. It is understood that the combinations are prepared to spend large sums of money upon weak members of the expiring congress to secure an extension of their monopoly.

NEWS BY THE EUROPA.

FRANCE.—Six thousand additional reinforcements are ordered to Mexico.

GREECE.—The Meynar Gazette announces the acceptance by the Duke of Coburg of the throne of Greece on condition that the house of Bavaria renounces its right.

Very latest, via Queenstown: Liverpool, 25th.—There is no news of political importance, to-day. An insurrectionary outbreak had taken place in Poland.

WASHINGTON, Feb. 9.

A letter from the vicinity of Vicksburg says the enemy are fortifying all points commanding the river below the city, but they don't seem to have guns for all their works.

AFTERNOON DISPATCHES.

NEW YORK, Feb. 10.

The steamer North Star, from New Orleans the 30th, arrived this morning. Off Woodlands, last night, she ran into the steamer Ella Warley, crushing her boilers. She sunk immediately. The first assistant engineer and six men were lost. Rest of the crew and passengers were saved. Of military movements near New Orleans, nothing can be published. Banks is still busy planning. The rebels at Port Hudson are continually strengthening their works, and say if they defeat the federals they will shoot all the Yankees in New Orleans. It is reported that the local banks have combined against the federal currency, Green backs are two per cent. discount. Col. N. Dow has been cited to appear before the district court to answer the charge of stealing silver ware, &c., valued at $1600, belonging to citizens of New York. The fact of the capture of the ship Morning Light, off Sabine Pass, has been published. She received assistance sent from our fleet, but the rebels seeing our gunboats coming burned the ship. It is not known whether she was defended.

NEW YORK, Feb. 10.

BOOTS & SHOES.

A LARGE INVOICE OF

FRESH GOODS

Just Received.

I BEG to inform my numerous patrons and the public generally that I have just returned from the eastern markets with a large and well selected stock of

BOOTS & SHOES,

which, for variety of styles and excellence of workmanship

CANNOT BE BEAT.

Look at the list of a few articles named below:
Men's Split, Buff, Cf, Kunld, Patna, Slaughter and French Kip

BROGANS,

at prices ranging from 90 cts to $2,00.
Mens' Pat. Buff, Lasting, Glove, Cf and Goat

OXFORD TIES,

from $1,00 to 2,00.
Mens' Cf, Pat, Glove, Cf, Gt and Grain

Sewed and Pegged Congress,

from $1,25 to $3,50.
Ladies' English Lasting, Cong, Silk Gore Heel, 90c $1, 1,25, 1,50, 1,75, 2,00, 2,50.

Ladies' Kid, Lasting, Carpet and Toilet

SLIPPERS,

at prices ranging from 40 cents to $1,50.

Boys' Misses' and Childrens' Wear,

a great variety, and at correspondingly low rates.
I am enabled, by buying strictly for cash and of heavy manufacturers, to give a better article for

Less Money

than any other concern dare do. I am not gassing, but telling a plain simple truth. I have now in store a good stock of

Custom Made Work,

and am prepared, as usual, to

MANUFACTURE TO ORDER,

with despatch and reasonable rates.
For the very liberal patronage heretofore bestowed, I am sincerely grateful and hope for a continuance of the same. I would solicit a call from all about purchasing, feeling well assured that I can save them a Milwaukee, Chicago or Rochester profit. C. MINER.

JUSTICES BLANKS FOR SALE.

The Jessup Grain Drill!

Improved and Made by

R. J. RICHARDSON.

THE satisfaction which the Richardson Drill gave in 1862 has induced me to

Make Double the Number for 1863.

The principle of the Drill is all that was at first claimed for it. The experience of 1862 enables me to make them just

Adapted to the Peculiarities of this Soil,

which is very difficult to till.
More than three hundred of these drills were used in this vicinity last spring, and it is universally conceded that the Richardson Drill is

PERFECTLY ACCURATE

in the *quantity of Seed Sown per Acre,* and that it is easily adjusted to any quantity desired. It is also conceded that the Richardson Drill is the

Lightest Draft and the Easiest for the Team

of any Drill yet introduced.
The drills of 1863 are readily changeable from double to single rank. The points are longer, sharper and heavier than those of 1862, which render them better adapted to the hard and crusty soil of early fall plowing.
Notwithstanding the

Large Advance on Material

we have concluded to offer our drills at the

SAME PRICE

as in 1862, which is as follows: 9 tooth, $70; 10 tooth, $75; 11 tooth, $80; 12 tooth, $85; 13 tooth, $90.
To those who know the *Richardson Drill it is needless to say anything.* Of those who do not know them, we would ask an examination, and refer to any one who has used them. Our drills are now

READY FOR EXHIBITION.

They are made at the well known

Rock River Iron Works

of Harris, Guild, Angel & Tyler. The character of their work is well known. I would like everybody to examine these drills.
To those wishing to purchase drills, I would say that I guarantee their

Working to the Entire Satisfaction

of the purchaser, or No Sale.

The Corn Planter Attachment

to the Richardson Drill will plant corn

In Hills Accurately

and any distance apart, from two to five feet, and two or three rows at once.
Mr. W. H. Reed, of La Prairie, used one of the Richardson Twelve Tooth Drills to

Plant Over 50 Acres of Corn

and 100 acres of wheat. He planted three rows of corn at once and in hills to suit his mind. Any one wishing to know about the planter please inquire of Mr. Reed.
For more particulars, and to see the drill, call at the Hardware Store of R. J. RICHARDSON,

50,000 lbs. of Wool Wanted!

at the

New Woolen Factory

of

F. A. WHEELER & SONS.

THIS splendid establishment, situated on Main St. a few doors north of the Excelsior Hotel, is now in successful operation. The

Machinery is New

and of the best quality. We are therefore prepared to manufacture a Yard of Cassimere or a pound of Stocking Yarn for

Two and a half Pounds of Wool,

or 1½ lbs. of wool and three shillings for manufacturing. Also, all kinds of

FLANNELS AT THE SAME RATES,

according to the amount of wool required to make them.

Wool Carding and Cloth Dressing

Done on Short Notice.

Those having Fine Wool to be carded into rolls should have it

Cleansed at the Factory,

as our conveniences are better calculated to do it well. Our price for cleansing is one cent per pound. It is very essential to have wool in good condition, otherwise it injures the card and produces poor rolls. Our carding machine is the best that could be obtained, and cannot fail to make good work. We would invite all who wish to see good machinery or want good cloth, to give us a call. Also, would say to merchants who wish to obtain our cloth, that it would be for their interest to buy wool and get it manufactured, and by so doing, get a good article that they can recommend to their customers.
A good supply of

Cloth Constantly on Hand,

which will be sold cheap for cash or wool, or exchanged for wool on shares.
Those living at a distance can send their wool by railroad or express, with directions, and it will be promptly attended to. Those coming from a distance, with wool to be manufactured, will be kept over night.

FREE OF CHARGE.

We are prepared to make

Plain and Fancy Cassimeres,

CHECKED FLANNELS, &C.

Also,

INDIGO DYED CASSIMERES,

Stocking Yarn and Rolls.

And finally, most kinds of cloth and yarn that may be wanted.
We have also made arrangements with a first rate

FANCY DYER,

who will attend to the dyeing of all kinds of silk and cotton goods. Please give us a call.

WANTED!

In exchange for cloth, wool, wool grease, and most kinds of produce. F. A. WHEELER & SON.

FLORENCE

SEWING MACHINE.

OVER THE POST OFFICE.

THERE is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run *for years* without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

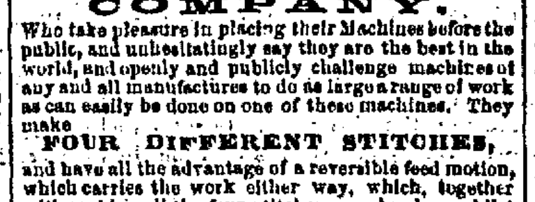

FLORENCE SEWING MACHINE

COMPANY.

Who take pleasure in placing their Machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantage of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.
Any correspondence regarding our Machines will be promptly answered. Enclose a Letter Stamp and we will send circular and sample of work by return mail.

Rock County Bible Society.

This society was organized in 1848, as auxiliary to the American Bible Society. Its work is that of co operation with the parent society in the noble enterprise of giving to the world the word of God, "without note or comment"—an enterprise in which all christian denominations and philanthropists can most cordially unite. As the Bible is the great moral light of the world, the source of the greatest good to our race, and the anchorage ground of all christian hope, it should be placed in the hands of every person as speedily as possible. In order to secure this result, funds and labor are essential; and these must be had in large measure.

In the present state of our nation, much has been done by these societies, national and local, to furnish our noble army with the scriptures, that each soldier may have in hand the word of Him in whose name he has gone forth to battle. Hence we appeal to the thousands of our families and citizens who have representatives upon the field, stormy with fire and iron hail, to help us in this patriotic and christian work.

Rev. Mr. Adams is now in the employ of the county society, visiting the several towns in the county, soliciting funds, looking after the interests of the local societies and furnishing Bibles and Testaments as they are needed. We bespeak for him a kind reception, and for his appeals a generous response. Let the one talent even be brought forth to the light, and enter upon its surely apostolic mission of publishing the gospel to the world.

M. P. KINNEY, Pres't.

WILLARD MERRILL, Sec'y.

ANOTHER IMPORTANT RAILROAD DECISION.—The supreme court of this state has made an important decision, which, it is supposed, has a bearing upon the farm mortgage question. The case is that of Alonzo H. Waldo vs. the Chicago, St. Paul & Fond du Lac Railroad Company, in which Waldo states that he purchased stock of the railroad company and transferred real estate to Wm. B. Ogden, as trustee, in payment, upon representations that the company was in good pecuniary condition, which it was not. The main point decided is, that railroad companies are responsible for the misrepresentations of their agents, and that all stock subscriptions or property obtained by such misrepresentations of agents are fraudulently acquired. The judicial settlement of this point to the mortgagors is an important end gained. The decision is otherwise interesting as declaring the legal disabilities of railroad companies in certain cases.

OLD FOLKS' CONCERT.—The singers of this city assisted by others from abroad, will give an Old Folks' Concert the first of next week for the sole purpose of replenishing the purse of the Ladies Soldiers Aid Society. The singers will appear in the costume of "Auld Lang Syne" and treat their audience to some of the famous ancient tunes. There will be the usual variety of the Home Concerts which every community to justly appreciate and commend. Let there be a rousing house to help our suffering brothers who are so nobly fighting for our dearest rights.

KILLED.—A young man named George Davidson, in the employ of George Lord, of Oshkosh, was caught under a tree which he was felling, last week, and killed.

LYNX CATS.—Two very large animals of this kind were killed at Fond du Lac, last week. They had destroyed a great many sheep in the neighborhood.

STRONG ICE.—Four horse teams with loaded wagons now cross the Mississippi ta LaCrosse.

MILL BURNED.—The mill at Monterey, belonging to Henderson & Gamble, was burnt on Sunday night. As no fire had been used about the premises, it is supposed to be the work of an incendiary. Loss about $3000, and no insurance. The mill was run by Huber & Miltimore, who lose about $1000 in stock.

☞ The number of French operatives employed in the cotton manufacture is over five hundred thousand. Two-thirds of these people are out of employment, and are reduced to a state of suffering very similar to that which prevails in Lancashire. Thus far but limited efforts have been made for their relief.

THE SPANISH INSULT TO OUR FLAG.—The Washington Republican, of Thursday, says our government is taking proper steps to ascertain the cause of the insult offered by a Spanish war vessel to one of our mail steamers, and to demand a suitable explanation.

The junior editor of the Mineral Point Tribune writes from Portland, Oregon, that he had seen heads of cabbage weighing 26 pounds apiece, rutabagas weighing 25 pounds each, and a squash that weighed 160 pounds. The people of Oregon ought not to starve for want of vegetables.

OHIO PREMIUM

GRAIN DRILL

AND

Grass Seed Sower.

HAVING sold over three hundred of these drills in this state the past year, and and eleven hundred having been used in northern Illinois and this state during the same time, all of them giving satisfaction, has induced me to advertise some of the peculiar properties of this drill over others.

It is a double rank drill, with a driver's seat attached or not at the pleasure of the purchaser. It will sow all kinds of grain and grass seed. It will not break or cut the grain, and will sow from ½ to 5 bushels per acre.

It will sow correct when driving fast or slow. The quantity is gauged without any change of gear, can be easily changed from double to single rank, can in sowing use one half the drill or less if desired.

THE DRIVER'S SEAT

is so attached that the operator can drive and work his drill with perfect ease, without the trouble of getting off to turn around, and he sits in such a position that he can see the whole operation and know that every tube is sowing. The drill is so combined that there is no weight upon the horse's neck when the driver is on or off the seat.

This improvement, combined with the

Steel Spring Shovel

or rooty and stony ground will clear itself from roots and stones or any obstacle that may come in its way, without the necessity of stopping to replace a broken pin, thereby causing trouble and delay—renders this

The Cheapest and Best Drill

ever offered, and we think that every candid thinking farmer will agree with us in this respect.

At the Ohio State Fair, in September last, in Cleveland, this drill

Took the First Premium

over the Buckeye and Star Drills and others, so the people can form their own opinions in relation to what is thought of these drills at home. It is also conceded that this drill is the

Lightest Draft and the Easiest for the Team

of any drill made. These drills will be on exhibition at the

CORN EXCHANGE, JANESVILLE,

and other prominent places in the state, and also by the numerous farmers who used them last year throughout this county and state. These drills are

WARRANTED

to be in good order, to work well during the seeding, if properly used; to distribute the seed regularly, and sow any quantity of seed per acre, commonly sowed broadcast; to be well made, of good material, and durable with proper care; if the purchaser shall follow the directions accompanying the drills, in using the same.

This drill has been awarded the First Premium at the Indiana, Michigan, Illinois and Iowa State Fairs, and for the past three years in succession it has received the first premium at the Ohio State Fair, and all the County and District Fairs where it has been exhibited in competition with all the different kinds of drills manufactured in Ohio and the west.

All Competition Beaten!

Also this drill was awarded the First Premium at the Ohio and Illinois State Fairs in 1861, in competition with (at the Ohio State Fair)

that offers, whether at auction, private or bankrupt sale. Our European connection is under the superintendence of M. F. McKey, who spent four months there last fall, and will again proceed thither next spring.

It is needless to expatiate on the immensity of our resources; we will merely state that all our goods are

BOUGHT FOR CASH.

It is conceded by all that we do the

Largest Dry Goods Business

in the state; our sales during the past year in our various stores ammounting in the aggregate to the handsome total of $350,000—

Three Hundred and Fifty Thousand Dollars!!!

This we have achieved by doing our business on the go ahead, Young America principle of

Paper Monopoly.

We have never doubted that the monopolizers of paper and paper rags had caused the principal part of the rise in the price of those articles. The information from Washington that they are engaged in buying up all the stock they can, while they are lobbying against the reduction of the duty on paper, and all the materials of which it is made, confirms this suspicion. They will get their hands so full, after a while, that they can hold no more, and then their paper balloon will burst. We advise all who have rags to sell to bring them into market now, while the price is up, as there is no predicting when there will be a fall in the market.

Congressional.

In the senate, on Saturday, Mr. Sumner introduced a resolution directing the committee on the conduct of the war to investigate the condition of the army of the Potomac.

The Missouri emancipation bill was discussed at great length. An amendment offered by Mr. Wilson of Massachusetts extending the time for emancipation for three years, was adopted. The bill appropriates $20.000,000 for the purpose. The senate adjourned at midnight without taking a vote.

In the house the Illinois and New York ship canal bill was under discussion, and produced an exciting debate, the railroad monopolies of the East making a vigorous fight against it. It is doubtless for the interest of the West that these canals should be enlarged, but we can scarcely say that we are prepared to see the general government engaged in this or any other internal improvement scheme, which has not the clearest military necessity to recommend it.

TEXAS.—There is no part of the revolted confederacy which requires more immediate attention than Texas. The rebels are selling cotton and importing war materials over the Mexican boundary to a great extent, aided by our *good friends* the French and English. The possession of the Mississippi river will stop the transportation of these contraband articles to the rebels east of that river, but an active and energetic commander, with a sufficient force would seem to be need very much, at this time, in the neighborhood of Brownsville, and the Rio Grande boundary.

WILL NOT BE A CANDIDATE.—The name of Mat. H. Carpenter, Esq., has been spoken of in connection with the chief justiceship. The Wisconsin is authorized by him to say that the use of his name by any party in connection with the supreme court judge. ship, is entirely and absolutely contrary to his wishes.

There is talk of pushing the railroad from Sheboygan through to Fond du Lac this season, and the matter of extending it to Ripon engages much attention in Fond du Lac county.

The 6th Wisconsin, now commanded by Col. Thos. S. Allen, numbers 500 effective men, as good as ever handled a musket. They have been recently organized to form part of a "light brigade," consisting of the 5th Wisconsin, 4th Vermont, 6th Maine, 31st New York, and one other regiment not yet designated. This brigade will be under command of Gen. Pratt. Cavalry and artillery will also be attached.

In addition to the names already before the public as candidates for chief justice, the Madison Journal mentions those of Hon. O. H. Waldo and Jason Downer from Milwaukee.

☞ Mr. Sharpstein, dem., has introduced a bill for the repeal of the law enabling citizens of this state in the army to vote at general elections.

THE IMBROGLIO IN THE ILLINOIS LEGISLATURE.—The state senate was unable to do any business on Saturday, the republican members having absented themselves, in accordance with the caucus determination. The opponents of the government will have to come to terms of decency, or the absentees will probably not return to their seats.

In the house, on Saturday, there was a repetition of the exciting scenes that occurred in the senate on the day previous. The opponents of the government forced the proposition to adjourn till June to a passage. The republicans made a strong opposition, and some of them left the house to prevent its passage, but being waited upon by the sergeant-at-arms, were in duty bound to return to their seats, and the measure passed.

We learn that the republicans of the house, like those of the senate, have absented themselves, and will not return unless the democrats shall conclude to abandon their schemes for giving aid and comfort to the enemies of the Union. This is the last report from Springfield. As to whether it is true or not, we will probably be definitely advised before going to press. If both parties adhere to the positions taken, of course the legislature of Illinois is at an end.

The appropriation bills for the support of the state institutions, etc., have not yet been passed upon, which is the only fact to be regretted under the circumstances.—*Chicago Journal.*

To the Loyal Men of Rock County.

The exigency of the times, and the circumstances in which we are placed, demand instant and energetic action on the part of all loyal men, if we would save our country from dismemberment and anarchy; and this must be my apology for assuming to make this appeal to your patriotism, and for presuming to advise you in this matter.

While our sons, our brothers, and our fathers are battling with open and armed rebels, to preserve our Union and our liberties, it is our duty to defend them from the machinations of secret foes at home. A secret treasonable organization, known as "Knights of the Golden Circle," undoubtedly exists throughout the northern states; which, in conjunction with the no less dangerous and little less treasonable, though more open organizations, called "Democratic clubs," are doing all that is in their power to overthrow this government of ours, and to establish thereon a despotic, slave holding oligarchy. The proof of this is found in the exposed secrets of the Golden Circles, in the speeches of democratic orators, in the resolutions of democratic conventions, in the columns of democratic newspapers and in the acts of the leaders of the party generally.

The testimony furnished by their own acts is so glaring and palpable that conviction of their guilt, like that of their coadjutors at the south, is absolutely self evident and undeniable.

At the outset of this rebellion Mr. Lincoln, with a view to unanimity at the north, magnanimously took as his counselors, and placed at the head of the armies of the republic, men who had bitterly opposed his election, but who professed sincere attachment to the Union. Many of these, I am happy to know, have proved their fidelity by their acts; but most unfortunately for the country, very many of them have, by their evil counsels and traitorous conduct so hampered the government and retarded the action of our armies as to well nigh ruin the cause.

The false and infamous dogma put forth by the leaders in this rebellion, "that the constitution gives the general government no power to coerce a state," was eagarly laid hold of by a large number of leading democrats at the north, whose sympathies were with the rebels; but the noble and patriotic stand taken by senator Douglas, John A. Logan, Daniel S Dickinson, Benjamin F. Butler and many other prominent democrats, gave the assurance that the party in the main was sound for the Union. But after the death of Mr. Douglas, and as difficulties and disaster began to thicken around us, it was noticable that the rebel sympathizers grew more bold, and that the party began to drift towards them.

The ground taken by Mr. Douglas and his noble compeers, "that until the rebellion was put down they should know no party but that of the Union," and the equally noble resolve to "lay aside all criminations and recriminations as to the origin of these difficulties," was abandoned and unheeded, and a reorganization of the party, in opposition to the administration and the war, was demanded. This organization, fellow citizens, is now complete. The democratic party is now in the hands of the enemies of the republic. The Vallandighams, the Woods, the Breckinridges, the Seymours and the Coxes, now control its action and shape its policies. What that motive is and what that action will be is as unmistakable as is that of Jeff. Davis himself. The counsels of Mr. Douglas are thrown to the winds and unheeded, Benjamin F. Butler, Daniel S. Dickinson, John A. Logan, and all other honest war democrats, who are fighting the rebels and sustain the president in a vigorous prossecution of the war, are denounced as traitors and rebels and unceremoniously kicked from the party.

The administration and its friends are boldly denounced as the authors of this wicked war, which they falsely assert might have been averted but for the wickedness of the black republican party.

The dying words of Mr. Douglas gave the lie to these assertions. In the last speech he ever made, he declared that "the south has no just cause for rebellion;" that it was no new thing, but deliberately planned years ago." "When," says he, "the history of the two years from the Lecompton charter down to the late presidential election shall be written, it will be shown that the scheme was deliberately made to break up the Union." Again he says, "There has never been a time from the day that Washington was inaugurated first president of these United States, when the rights of the southern states stood firmer under the laws of the land than they do now; there never was a time when they had not as good cause for disunion as they have today." And this is gospel truth. Years ago southern politicians took the ground that slavery is the common law of the constitution; that it is the true relation of capital and labor, and the only sure basis of republican institutions; and when they could not force the north to subscribe to these monstrous heresies, they determined to divide the Union. With this wedge they split the democratic party at the Charleston convention. Mr. Douglas and his friends refused to subscribe to it, and therefore the south repudiated both him and them, though they knew it would result in the election of Mr. Lincoln. From that day they began to scrape lint—they had resolved upon war.

Whether Mr. Lincoln or Mr. Douglas was elected made no difference; war was inevitable—unless, indeed, we had basely submitted to a disruption of the Union without striking a blow in its defense, and that is what Mr. Douglas, no more than Mr. Lincoln, had never counseled, and would never have permitted.

Doubtless the leaders in the rebellion counted largely on the co-operation of northern democrats, and in this they have not been disappointed. But for that, the rebellion would have been suppressed long ere this; perhaps it would never have been commenced.

Now, fellow-citizens, one of two things will be done. Either this rebellion will be put down, the Union restored, universal liberty be recognized, and a course of prosperity and happiness such as the world has never witnessed be fully insured, or, this rebellion will succeed, the Union be rent asunder, and a despotism, whose cornerstone and foundation is chattel slavery, will be established, which will bury for centuries to come all hopes of liberty and civilization on this continent, if not throughout the world.

With a united north this rebellion would be put down in ninety days—would have now been put down. The only hope of the rebels is in our division. The success of the democratic party is the success of the rebellion. Our duty in this crisis is therefore plain: the democratic party must be defeated. As they are organizing, we must organize also. Their disunion clubs must be offset and nullified by Union clubs.—They must be fully met at all points, and their treason and dishonesty exposed. They are winning many to their ranks by working upon the prejudices, the ignorance and the fears of the people. Let them be disabused; let the truth be laid before them; above all let the responsibility of inaugurating this devilish war be fixed where it belongs—on the democratic party. Let it be kept constantly before the people that this war was planned, begun, and is now being waged solely by democrats in the interest of slavery, and that no republican is fighting to destroy the Union, but to preserve it, that the rebel states had nearly all seceded and the war commenced, by firing into the Star of the West, long before Mr. Buchanan retired from office; that every officer, from Gen. Twiggs down, who has ingloriously surrendered or stolen government ships, forts, arsenals, dockyards, armies, and property generally to the rebels, either before or since Mr. Lincoln's inauguration, were and are democrats.

I know whereof I affirm, fellow citizens; I go by the record. This is all matter of history, clear and undeniable; yet, in full view of these damning facts, they have the inconceivable baseness and wickedness to say that this is an "abolition war," begun by black republicans to free the "niggers;" and, with a brazen audacity that is more than human, they solicit our votes to place them again in power. It must have been these of whom the poet Dante said:

"Heaven chased them forth to keep its beauty from
Impair;
And the deep hell receives them not, for the wicked
would
Have some glory over them."

Of all classes, none are so deeply interested in this struggle as the laboring class. Labor, to be honorable, must be educated; to be educated, it must be free. Slavery dooms labor to eternal ignorance and degradation, and tramples upon all its rights.

"Arouse, then, from your lethargy, children of toil,
Ye sons of the anvil, the loom and the soil;
Come forth, as the winds in their struggling might,
And wrestle till death with the foemen of right."

The burthen I know is great, but great is the work; and if success but crowns our effort, great will be the glory. History has no brighter page than the one upon which will be written the record of this terrible struggle for humanity. Let us not weary, then, but bravely battle on till a glorious victory shall crown our efforts.

Yours, for humanity and liberty,
J. M. BURGESS.

Correspondence of the Daily Gazette.
From the Eighth Regiment.

CAMP OF THE 8TH WIS. INFT. VOL.,
GERMANTOWN, TENN., Feb. 1st, 1863.

Editors Gazette:—We left Corinth about the 20th of January, by rail, and arrived at this place the same evening, a distance of 150 miles, via Jackson, Tenn. We are 15 miles east of Memphis on the Memphis and Charleston railroad, at a small village called Germantown. The inhabitants, like most of the towns we visit in the south, have deserted their houses and left them to the tender mercies of the Yankees, who, I assure you, have very little respect for unoccupied houses, and many that have families living in them get pretty well stripped, if they are near the camps of the Lincolnites. The people of Janesville know but very little of the devastation an army makes going through the country. Just imagine an army of 50,000 men encamping on the banks of Rock river near Janesville; the soldiers coming into town and stripping the buildings of the siding; going into your best houses and snaching a door from the hinges to make a bed of; occupying your churches for hospitals or for quartering troops in; notifying, for instance, Mr. Jackman or Mr. Tallman that their buildings would make very good hospitals, and they must vacate them by to-morrow morning; go into your best filled stores, take a hoe or rake, as I saw them at Holly Springs in a crockery store, raking down the dishes from the shelves to see them fall, and brake, and hundreds of other things full as bad; and last but not least, steal all your chickens and then notify you that the chickens were not good cooked without salt, and of course you must furnish that, or get a rough talking to. Just have a few of these comforts, and you will begin to feel that there is war in the United States. Don't, for God sake, grumble at big taxes, high price of living, &c., for you are living in Paradise.

I see by correspondence from other regiments from Wisconsin that have not had the fortune, as they call it, yet to have been in battle, are getting uneasy for fear they may never get a chance to be shot at. I would like to inform them that if they should ever be so *very fortunate* as to get into one or two sharp engagements they will be done praying for any such *favors*. If they can serve their country where they are to a good advantage, and they certainly can or they would not be left there, I say to them, be contented. Battles seem much nicer on paper than they actually are on the field.

They are getting us together near Memphis, probably to send on transports to Vicksburg. If that be the orders of our generals we are ready to go and share the *fortunes* of our comrades, but if any of those regiments that have not seen the shells burst and their comrades torn to atoms with the huge balls, and heard the little fellows *zip, zip*, by their ears; if they can manage to let us relieve them any way, and they take our place and tickets for the excursion, they will confer a great favor on any regiment that has seen the elephant; all should get a glance to appreciate his greatness. We are all ready to go where and when wanted, but are not anxious for very large shows.

I see also by the correspondents of regiments that the good ladies of Janesville and vacinity have not forgotten their numerous friends and soldiers in the field to attend their many wants, in the way of boxes, &c. I see one correspondent says they have enough and as much clothing and bedding as they can take care of; delicacies and good things to eat is what they most need. Well, as for the sick of our regiment we have not got many, and as for delicacies spoken of, I am sure we are totally ignorant of its meaning, for to my certain knowlege our hospital has never received such a thing as a box, and being without delicacies now for 18 months, it would have a bad effect on the boys. Hard crackers and bacon is the diet our sick get, and they get along pretty well on that. We have not had a man die in the regiment or in the regimental hospital since last May from disease. We have lost a few men absent in general hospital, and they probably have not got even what hard bread and bacon that was necessary to live on. You see, Messrs. Editors, these big doctors like big dinners, and for big dinners I suppose there must be delicacies on the board, but I don't mean to say that doctors ever eat up anything sent to the sick, nor wear any clothing calculated for the sick. They are not that kind of men, you know, doctors are calculated to make the sick comfortable, and of course they do. There may be boxes after us, but I don't think they will ever catch us, for since the 18th of August last we have not stopped long enough in one place to receive such a thing. I don't think Capt. Wheeler's company is much troubled about such things, either; that is, I never heard from them in that capacity.

We have 501 men here for duty to-day, 54 in my company, one sick, but nothing serious. The rest are all well and ready for any orders except to lay in camp more than two weeks at a time; that we would have to practice on for a while. Any such orders would cause mutiny in the regiment.

We have a good deal of rain here now; the weather is warm; the most snow we have seen this winter, put it all together, would not hide the ground from view; we have jayhawked some lumber, enough to keep King, Sargent and myself out of the mud and think we are living in big style. We moved camp yesterday; had the best camp since we left Clear Creek, but that was to good for us and then we had been there a little over a week and of course had to move; got into a beautiful mud hole now, but I don't think we will float off, got a trench dug around us, and think of digging one through the centre of the tent, for it rains harder in here than it does out-doors; sometimes we go out to keep out of the rain. If the boys up the hill don't float out and come in contact with us, I think we are safe for the present, until another flood comes.

I must now close, for it is near dinner time, and it is Sunday—to have a big dinner on Sundays, bill of fare—hard crackers, salt pork, very fat, beans, and—that's all.

Last Night's Report.

On Board U. S. Hospital Ship Red Rover,
Mouth Yazoo River, Feb. 3, via Cairo, Feb. 8.

Special to Chicago Tribune.—At last, after a complete dearth of news of importance since the Arkansas and White river expeditions, we have interesting items to chronicle, which gives token of activity.

This morning at 5 o'clock, the ram Queen of the West, commanded by Capt. Sutherland, with Col. Ellet, commodore of the ram fleet, on board, left this river, and having passed down by the peninsula, in full sight of Vicksburg, rounded the point and was under full headway down towards the city before she was discovered. The rebels then opened fire upon her with a number of their heaviest guns, and kept up a brisk cannonade, while she ran in towards the landing and fired shell into, and twice butted the rebel steamer Vicksburg, moored to the bank, directly under the river batteries.

Besides the time occupied in running down towards the city, she was fully ten minutes detained in making her assaults upon the steamer. Notwithstanding all this opportunity, and the close proximity to the rebel batteries and fire from them of 100 of shot and shell, she was only hit twelve times, and it is said not a person was injured. She continued down the river, and landed at the lower end of the canal, when Capt. Sutherland landed and crossed the peninsula back to the river.

Col. Ellet continued down the river, his destination being watched. This movement will be followed up to-night by an attempt by the ram Monarch to make the same trip. These rams will be able to keep open the river for some distance, with the assistance of one or two iron-clads, whose commanders are soliciting the same privilege, and may soon be granted permission to run the blockade.

A large body of troops might thus be landed from flatboats upon the south side of Vicksburg. If this cannot at present be done, direct communication of the besieged city with Texas and Louisiana can be cut off, and transports on Red and Ouachita rivers can be captured or destroyed.

This will be a great gain, and the value of this pioneer achievement, therefore, relatively, as well as intrinsically, is very great.

We have had two flags of truce lately, one on the 31st; and one later. The first was ostensibly to discover what had become of the rebel colonel who is said to have disappeared. Another to demand possession of the woman, now Capt. Sutherland's wife. The rebels were somewhat taken aback when informed that the lovely Mississippi widow had become the spouse of a hated Lincolnite, but they had to go home without her. Their real purpose was undoubtedly to obtain information.

I have seen and talked with officers engaged in the conflict of the ram with the batteries. They say it was impossible to count the rebel guns; but they seemed to be planted behind trees and houses, and rifle-pits, with infantry using small arms. It was indeed a miracle that she escaped. She was under fire from half past 6 to quarter past 7.

CAIRO, Feb. 7.

We have intelligence from Vicksburg up to last Tuesday. On the previous Friday the rebels had planted two batteries below the canal, so as to subject any boat attempting to go by to a terrific cross-fire. Between these batteries and Vicksburg are two steamers, captured by Union troops.

On the same day that these guns were mounted, the enemy crossed the river in force, marched westward around our camps, and succeeded in getting near Richmond, where they threw out pickets towards Milliken's Bend. The federals, being informed of the close proximity of the enemy, although ignorant of their numbers, sent out 200 mounted infantry, and a part of two companies of cavalry, who encountered the pickets, drove them back through Richmond, killed two, wounded several, and captured a number of prisoners. The Union loss was one killed and one wounded in the thigh.

When our informant left, two iron-clad gunboats were prepared to run the blockade the first foggy night.

Illinois regiments have been suffering severely from the prevalent sickness.

OPPOSITE VICKSBURG, Jan. 31, via Cairo, Feb. 7.

There is no news from Banks or Farragut.

The river is rising slowly. The weather is clear and warm.

The surveyor's estimates for the canal across the point will be completed this evening; the largest possible force will be kept at work on it, day and night, till completed. The canal project is, therefore, fully adopted, and everything staked on its availability. It must be wholly cut the required depth and width, as it is demonstrated that no reliance can be placed on the action of water washing it out. Several weeks must elapse before its completion.

Troops from above continue arriving.

The enemy opposite are vigilant, and strengthening their defences, already formidable. Fort after fort, of exceedingly heavy earthworths, extend along the heights below and above.

Our batteries command the river five miles below the city.

No engagement is probable for a fortnight.

Gen. Grant has assumed command in person.

Gen. McClernand is assigned to command the 10th army corps, department of Tennessee, charged with garrisoning the post of Helena, Ark., and all other points south of that on the west side of the Mississippi river that it may be necessary to hold.

A flag of truce came up yesterday from Vicksburg, under Jacob Thompson, formerly secretary of the interior. Its pretence was to inquire after prisoners, but really to learn the situation and condition of the canal. It was escorted back with but little information.

An expedition has departed on a side demonstration. Particulars will be given in few days.

Preparations for taking Vicksburg are going forward vigorously. Everybody is sanguine of ultimate success.

A break was threatened in the levee above us, yesterday, and a large force was employed in strengthening it for our own protection. The river is high and rising.

The weather is warm and rainy.

There is no news from below.

The rebels are engaged in iron plating the steamboat Vicksburg at the landing. The talk of gunboats attempting to cut her out is improbable.

PHILADELPHIA, Feb. 8.—The iron steamer Princess Royal, in charge of Acting Master Van Sice, arrived off the Navy Yard to-day. She brings highly important intelligence both as relates to her capture and the rebel attack on our blockading fleet at Charleston, showing conclusively *that there is no foundation for the assumption of the rebels that the blockade of Charleston was ever raised by the departure of the blockading fleet.*

Only two vessels out of the eight or ten were disabled or obliged to leave.

It appears from the statement of an intelligent eye witness that the cause of the attack of the rebel ram on our squadron was owing to the capture of the Princess Royal, the captain and pilot of that vessel having escaped ashore during the darkness of the night, and communicated the intelligence to the rebels.

The Princess Royal endeavored to run the blockade by way of Beach Inlet on the 29th but was discovered by the pilot boat Blunt. On signal being given the Unadilla gave chase and captured her without other assistance. It was then discovered that the captain and pilot had succeeded in getting ashore by a small boat, carrying important dispatches to the rebel government.

At daylight a thundering of guns was heard, accompanied by sharp flashes of fire. It was supposed that our fleet was engaged in making an attack, or that the Alabama or Florida were endeavoring to force an entrance. At daybreak two rebel ironclads were seen coming down from the direction of Stono Inlet, towards our fleet.—They attacked the Mercedita first.

One ram struck her near the water's edge, kneeling her over, and at the same time firing a shot which entered one of her boilers causing the death of three persons, including a gunner, by the shot and steam.

The ram then hailed, the Mercedita.—Capt. Stellwagen, leward one of his small boats, after leaving one of the plugs out, allowing the water to enter, it.

The ram answered our hail with "Confederate ram Palmetto State. *Do* you surrender?" This was repeated three times, Capt. Stellwagen replying at each inquiry, "I am in a sinking condition." The rebels answered, "God damn you to hell, if you don't surrender we will blow you out of the water. Send your boat aboard." The boat which Cap. Stellwagen had lowered then conveyed his executive officer to the rebel ram, and the officer asked to be admitted on board. This was refused. The Lieutenant then repeated Capt. Stellwagen's statement, that we were in a sinking condition. The rebels replied "You can't sink lower than the rails. We cannot take you on board." The officer then gave his parole, as demanded, and returned to his ship.

The rebels were thus successfully deceived as to the condition of the Mercedita, thinking she was in a sinking condition.—She laid in shoal water, and hence the reply that she could not sink below her rails.

The ram steered toward the Keystone State and sent a shot through her steam drum, causing the death of twenty-one persons—twelve by the shot and nine by scalding by steam. Fifteen more were wounded, and are lying at Port Royal, some in a precarious condition. In the meantime, the guboat Housatonic engaged the other ram, driving her away. At half-past six in the morning, both rams left the scene and passed up to Charleston.

During this attack on our fleet the Princess Royal, which lay near the Housatonic, and was the chief object of prize on both sides, succeeded in getting off, mainly through the assistance of third assistant engineer Thurston, who piled into her furnace all the inflammable material at hand. Her escape is chiefly owing to his endeavors, as well as her their safe arrival at this port.

The Mercedita steamed down to Port Royal and with only one of her boilers injured. She arrived safely at Port Royal, and would be repaired in a day.

The Keystone State was entirely disabled, but was towed to Port Royal by the Memphis.

The rebel statements that the federal fleet had entirely disappeared from the port of Charleston are *entirely unauthorized* by the facts.

During the day time our blockading fleet is not particular as to keeping to the station, and on the day of this assault most of the vessels sailed towards the Keystone State to ascertain her condition, and whether she wanted any assistance. This may account for their apparant absence at the time of the visit of the foreign Consuls, as mentioned by the rebel papers. Our vessels as usual returned to their positions at dark.

The new Iron-sides arrived the next day to reinforce the blockade.

Information is also brought by the Princess Royal, of the attack by the iron-clad Montauk, on Fort McAllister, the 28th ult. She was not at all disabled. She received seventeen shots in her sides, and twelve on her turret, without receiving any injury whatever, although engaged five hours.—She returned to her anchorage for want of shells. It being foggy next morning, she did not return to the attack.

To-Day's Report.

(Reported Exclusively for the Daily Gazette.)

MORNING DISPATCHES.

NEW YORK, Feb. 10.

A New Orleans letter of the 2d, to the World, says: Our consul at Montery writes as follows:

"Wagon trains for the rebel army have been bought at Monterey, and down the country as far as San Luis Potosi, nearly a thousand miles from San Antonio. Goods from the interior are generally sent across the Rio Grande at Fort Duncan. One agent purchased in Europe three vessel loads of arms, and their arrival is daily expected at Matamoras. A cargo of medicines, also bought in Europe, is known to be due at that port."

The New Orleans Delta is informed by Paymaster Fitch, of the steamer Tennessee, that the Harriet Lane has not got out of that port. Her masts have been taken out, and she has been towed around the bend behind the town to place her out of range of the Brooklyn's guns.

The Houston Telegraph, of Jan'y 5th, states that the guns of the gunboat Westfield, which was blown up in Galveston bay, have all been fished up.

The Times' New Orleans correspondent says: I am sorry to say that rumors are afloat here respecting a disorderly spirit having manifested itself among our troops at Ship Island, owing to an arrival there of a negro regiment. The reports go so far as to state that several officers have been arrested for mutinous conduct.

The Port Royal correspondence of the Times says the attack by the Montauk and gunboats Senaca, Wissahickon and Dawn, assisted by the mortar steamer Williams, upon Fort McAllister, was resumed Sunday morning, but I have not been able to ascertain that much progress was made in reducing the fortifications. Under guidance of a negro pilot who had escaped from the Nashville, the Montauk was taken, early in the morning, to a point within six hundred yards of the battery. Commencing work at once, she continued the bombardment until 12 p. m., when ebb tide compelled her to retire. She was unable to breach the works in consequence of the immense thickness of the embankment, which was nearly thirty feet.

The Montauk was struck forty-six times, and received no other damage but the starting of six bolts in the pilot house by a rifle shot and the shattering of her smoke stack. Other vessels took position at long range, and kept up a steady fire until signalized by Capt. Worden to cease. The Seneca and Mortar each received one shot from the battery, but neither vessels nor men were injured.

In view of the more important service requiring the Montauk, I should not be surprised if the attack on Fort McAllister, for the present, should be relinquished.

The Herald's Washington dispatch says that the paper makers hold a meeting here, Wednesday night, to counteract efforts making to get a reduction of duty on foreign paper. They are purchasing all the old tents for sale by government, and importing vast quantities of rags. It is understood that the combinations are prepared to spend large sums of money upon weak members of the expiring congress to secure an extension of their monopoly.

NEWS BY THE EUROPA.

FRANCE.—Six thousand additional reinforcements are ordered to Mexico.

GREECE.—The Meynar Gazette announces the acceptance by the Duke of Coburg of the throne of Greece on condition that the house of Bavaria renounces its right.

Very latest, via Queenstown: Liverpool, 25th.—There is no news of political importance, to-day. An insurrectionary outbreak had taken place in Poland.

WASHINGTON, Feb. 9.

A letter from the vicinity of Vicksburg says the enemy are fortifying all points commanding the river below the city, but they don't seem to have guns for all their works.

AFTERNOON DISPATCHES.

NEW YORK, Feb. 10.

The steamer North Star, from New Orleans the 30th, arrived this morning. Off Woodlands, last night, she ran into the steamer Ella Warley, crushing her boilers. She sunk immediately. The first assistant engineer and six men were lost. Rest of the crew and passengers were saved. Of military movements near New Orleans, nothing can be published. Banks is still busy planning. The rebels at Port Hudson are continually strengthening their works, and say if they defeat the federals they will shoot all the Yankees in New Orleans. It is reported that the local banks have combined against the federal currency. Green backs are two per cent. discount. Col. N. Dow has been cited to appear before the district court to answer the charge of stealing silver ware, &c., valued at $1600, belonging to citizens of New York. The fact of the capture of the ship Morning Light, off Sabine Pass, has been published. She received assistance sent from our fleet, but the rebels seeing our gunboats coming burned the ship. It is not known whether she was defended.

NEW YORK, Feb. 10.

Flour dull, 10a20c lower, 7,10a7,23 extra stale; 7,40a7,60 R. H. O. Wheat very dull and very heavy, 1a2c lower, small sales, 1,47a1,54 Chicago Spring; 1,54a1,60 Milwaukee club; 1,63a1,67 Winter red. Corn heavy, 2a4c lower, 90a92. Pork heavy and lower. Whiskey unsettled. Stocks better and fair business. Gold 54.

ROCK RIVER IRON WORKS

THRESHING MACHINES.

LOOK WELL AT THE FOLLOWING POINTS IN THESE

MACHINES.

1st. The Large Shoe and Seives,

2d. The long carrier rake and the great speed with which it runs, spreading the straw thinner as it leaves the apron or grain belt, and thereby giving the grain more chance to fall through, and not be carried over in the straw.

3d. The case with which it can be removed for storage, or left on permanently, as in other Machines, being held by swivel braces from the sill.

4th. The strong and heavy gearing in the jack.

5th. The pulleys are all covered with leather to prevent slipping and wearing of belts.

6th. The covers on all the oil cups of the boxes.

7th. The cloth used in the aprons.

8th. The blue bars in the cylinder, with teeth made of the best quality of iron, made expressly for the purpose.

9th. Observe the trucks, and examine the workmanship and finish of the whole machine.

10th. These machines are furnished with the best kind of leather belting (or rubber if preferred), and are fully warranted in every respect.

We have still a few left, and in view of the poor crops and hard times, will sell them on easy terms.

COUNTY COURT OF ROCK COUNTY.

In the matter of the estate of John Doyle, deceased.

ON reading and filing the petition of Thomas Thorp, the administrator of the estate of said deceased, setting forth the amount of personal estate that has come to his hands and the disposition thereof, the amount of debts outstanding against said deceased and a description of all the real estate of which said deceased died seized and the condition and value of the respective portions thereof, and praying that license may be granted to him to sell so much of the said real estate as may be necessary to pay the debts of said deceased, the costs of administration and the expenses of the funeral and last sickness of said deceased; and it appearing by said petition that there is not sufficient personal estate in the hands of said administrator to pay said debts and said costs and expenses, and that it is necessary in order to pay the same to sell part of said real estate, it is therefore ordered that all persons interested in said estate appear before this court at the office of the judge thereof, in the city of Janesville, in said county, on the first Monday of February next, at ten o'clock A M, then and there to show cause why license should not be granted to said administrator to mortgage, lease or sell so much of said real estate as shall be necessary to pay said debts and expenses, and that a copy of this order shall be personally served on all persons interested in said estate residing in the said county at least fourteen days prior to said hearing, and shall be published four successive weeks prior to said day, in the Weekly Gazette and Free Press, a weekly paper published in said city. Notice to Creditors.

COUNTY COURT OF ROCK COUNTY.

In the matter of the estate of John H Kemmerer, deceased.

LETTERS testamentary having been issued this day to Simpson L Kemmerer, and six months allowed for creditors to present their claims for allowance, notice is hereby given that the undersigned, at his office in the city of Janesville, in said county, on the 27th day of January next, and the 29th day of May next, between the hours of ten o'clock A M and three o'clock P M, will receive, examine and adjust all claims and demands of all persons against the said deceased.

GREAT REDUCTION

—IN—

The Prices

—OF—

SINGER & CO.'S

STANDARD MACHINES

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90,

Reduced to $70.

No. 2, Standard Shuttle Machine, formerly sold at $100,

Reduced to $70.

Singer's Letter A Machine,

IS the best Machine in the word for Family Sewing and Light Manufacturing purposes; Price, (with Hemmer,) and beautifully ornamented,

FIFTY DOLLARS.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal and finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money with less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.
